MGG155

Gaseous Generator

Natural Gas Generator:

277/480VAC, 3 phase, 4 wire, 60 Hz, 1800RPM

Prime Power 132kW/165kVA (198 output amps)

125 degree C Prime Power rated.

Standard Features:

PSI Engine

NG D081TIC 8.1L, 4-cycle, 6-cylinder, turbocharged, charge air cooled Engine

UCI274D-311, 277/480V 12 lead PMG Alternator

Tandem Axle Oil Field Trailer - #7000 Axles, electric brake, 3” Pintle

InteliGen Controller - Unit to Unit paralleling feature set

200AT, 80% rated Thermal Magnetic Line Circuit Breaker

Skid-mounted in heavy-gauge aluminum sound attenuated enclosure

Dual Stage Air Cleaner

Critical Grade Silencer with Flex Connection

Coolant & Oil Drains Plumbed to skid base, w/ shutoff valves

16 gallon Ren Oil makeup unit

Auto change over Nat. gas to L.P. Liquid

Battery Disconnect Switch

Panel Light

Buck Transformer w/120VAC outlet receptacles

Starting Batteries, Rack and Cables

1 Year/2,000 Hour Prime Power Warranty

EPA Certified Mobile Stationary
