# MLTS LED LIGHT TOWER

## HIGH PERFORMANCE, LOW OPERATING COSTS

The new MLTS LED light tower from Generac Mobile provides powerful, even lighting, simplified controls and low maintenance requirements for maximum return on investment (ROI). A new 2-cylinder engine allows for lower initial acquisition cost, a long runtime of up to 220\* hours and low operational costs. The MLTS is designed for equipment rental companies, contractors and end users that are looking for excellent value, utility and reliability.

## DURABLE GENERAC® LEDs

All Generac Mobile LED towers feature our robust LED fixtures, designed to last the life of the tower - a 10-year life expectancy, backed up by a 5-year warranty.

## CHOOSE FROM STANDARD OR DIFFUSE LED

Generac Mobile diffuse LEDs deliver powerful, even, glare-free lighting that stands up to the rigors of rental yards and job sites.

# WHY LED?

## INSTANT ON/OFF LIGHT

No waiting, save time and enhance safety.

## BRIGHT, CONSISTENT LIGHTING

Truer colors, important for hazard and warning labels and signage, as well as wiring applications. LEDs degrade very minimally over time, unlike metal halide bulbs which lose 50% of their light output within the first 10,000 hours.

## FUEL EFFICIENT

LEDs consume less power, resulting in extended run times and significant fuel savings.

### MLTS LED COVERAGE

(4) 296W LED Fixtures

Model	MLTS
USA (METRIC)	
Engine Make	Mitsubishi®, 2 Cylinder
Onboard Export Power: kW	Optional, 2.4
Max Mast Height	23 ft (7 m)
Winch	Manual, Electric Option
Lights	(4) 296W LED
Total Lumens	172,200
Coverage @ Min. 0.5 ft-c	19,526 ft <sup>2</sup> (1,814 m <sup>2</sup> )
Diffuse Light	Choose Standard or Diffuse LEDs
Max Runtime (Lights Only)*	220 hrs
Standard Controller	Analog
