**GAS GENERATORS**  
**DXGMR7000**

## GREAT FOR CONTRACTORS

The DEWALT DXGNR7000 is designed with the professional in mind. The generator is powered by a premium 420cc DEWALT electric start engine with low oil shut off which protects the engine from damage. The idle control conserves fuel and reduces noise on the job site. The generator provides feedback to the user with its smart runtime meter showing how much runtime is left based on fuel consumption. The wattage meter gives instant feedback on how much power is being used. Never flat durable wheels, for maximum portability and durability. The 7.5 Gal. steel fuel tank provides 11 hours of runtime at 50% load. The steel frame is job site tested.

### DXGNR7000 FEATURES:

**1 PREMIUM DEWALT ENGINE**

**2 LOW-OIL LEVEL SHUTDOWN**

automatically safeguards engine from damage

**3 HARDENED 1 1/4" STEEL TUBE CRADLE**

for added durability and strength

**4 FOLD-DOWN/LOCKING HANDLE**

for sturdy portability and compact storage

**5 WATTAGE METER**

gives instant feedback on how much power is being used

**6 SMART RUNTIME METER**

shows fuel level and time remaining at current power level

**7 HOUR METER**

tracks maintenance intervals

**8 COVERED OUTLETS**

for protection from the elements and rugged working conditions

**9 ELECTRIC START**

(battery included) provides hassle-free start-up

**10 IDLE CONTROL**

conserves fuel and reduces noise on the job site

**11 NEVER FLAT, DURABLE WHEELS**

for maximum portability and durability
